

# AYTEF

## Got old tennis racquets lying around? Donate them for refurbishment and to support AYTEF's mission of empowering youth!

The Atlanta Youth Tennis & Education Foundation (AYTEF) is a nonprofit 501(c)(3) in metro Atlanta, providing free and low-cost tennis and education programs for K-8 youth. As part of the NJTL network, AYTEF uses tennis to foster life skills, character development, and academic support in under-resourced communities. Through a sports-based youth development approach, AYTEF promotes self-confidence, teamwork, resilience, mentorship, and leadership, ensuring inclusivity and long-term community impact.

### Goal

Help AYTEF put more racquets back out into the growing tennis community or directly back into our youth programs. **Please note** that this request is strictly donations of used tennis equipment only; **we are not soliciting financial support** from you or your members.

### How it Works

AYTEF provide collection bins, and you decide the best time and method for your club or organization. Collection can also be at an event, camp, or one of our designated drop-off sites. Collected racquets are refurbished by I Play Tennis and resold to help benefit AYTEF and its programs.

### Partnership with I Play Tennis

**I PLAY TENNIS** refurbishes donated racquets and offers them for \$25 back to the I Play Tennis Community. Youth refurbished racquets are recycled into AYTEF programs, which help serve Title I Schools, Free Community Clinics, and More!
